Zambia Safari

A short flight from Livingstone to Kafue National Park in Zambia puts you in position for the short drive to Dendro Park with its estimated Cape Buffalo population of 300-400 plus numerous species of plains game. Outfitted by Balla Balla Safaris, you will see the hunting of 4 Cape Buffalo (by Dr. Malcolm Gordon, Mark

Anderson, and Sean Bird, who takes 2) plus 2 Southern Roan (by Mike Borman and Ken Wilson) and Crawshay's Waterbuck, Chobe Bushbuck, and Puku. All hunts were guided by PH Dene Bird.

Near the town of Livingstone, Zambia, the one-mile wide Zambesi River drops over 300 feet at Victoria Falls.

In addition, terrific footage is shown of Livingstone, Mukuni Village, Victoria Falls, and the Royal Livingstone Hotel as well as numerous species of big game and birds not hunted.

This is Zambia at its best after the re-opening!

In addition to 4 Cape Buffalo and 2 Southern Roan, you will see the hunting of several unique species: Crawshay's Waterbuck, Puku, and this Chobe Bushbuck. L to R: Dickson, Ken Wilson, Dene Bird.
