**D**ue to continual predation of cattle by leopards in Zimbabwe, the hunting and ranching industries are collaborating to reduce the population of cattle-killing leopards by tracking them with dogs. The hunt is simultaneously exciting, dangerous, and rewarding.

**I**n this sequel to *Leopard Charge*, which documents what can go wrong on this type of hunt, both Ken Wilson and Dr. Mike Gill shoot large cats while hunting with Harry Greaves of Fountain Safaris and his team including Garry Miles, Wayne Bartlett, Don Nicolas, and trackers Cephus and Brown.
