

ZULULAND SAFARI

Nyala are the most beautiful and highly prized of all the South African species of big game. When hunted in the thick forest of Zululand's jungle, they are truly the Bongo of South Africa. Hunting the province of KwaZulu-Natal, where Shaka was responsible for the deaths of over 1,000,000 humans, three hunters each stalk and shoot a magnificent Nyala with professional hunter Bill Willie. In addition, you will experience the on-camera hunting of the highly prized Red Duiker plus Blue Wildebeest, Bushpig, Southern Reedbuck, Southern Impala, and Warthog as only Sportsmen on Film can put you there!

Ryan Wilson with his Nyala

Drake Shunneson with his Nyala

Ken Wilson with his Bushpig

Lad Shunneson with his Red Duiker
